

Write CTE Curriculum Lessons!

The Curriculum Revitalization Project is looking for qualified, energetic teachers to write Career and Technical Education (CTE) lessons.

Teacher Qualifications

Teachers who participate must meet the following criteria:

- Experience in curriculum writing
- Attendance at a teacher-writer training
- Knowledge of content area
- Ability to write clearly and succinctly
- Willingness to follow the project lesson format
- Ability to meet project deadlines

Benefits to You!

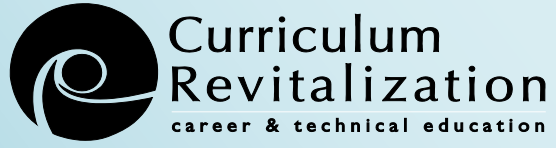

Aside from providing needed educational tools for Career and Technical Education professionals, below are a few personal benefits:

- Stipend Payment per Lesson
- Professional Development
- Recognition as a CTE Leader
- Resume Booster
